HAZARDOUS MATERIALS COMMUNICATION - LIABILITY LIMITATION : REPAYMENT OF PURCHASE PRICE

It is understood that Beta Analytic does not have the facility for handling or disposal of hazardous materials and cannot accept such materials for analysis. Materials in this submittal are not hazardous as defined in DOT CFR 49 and are not subject to employee reporting as outlined in OSHA CFR 29 HCS (Hazard Communication Standard). It is agreed that in the event of breach of any warranty or breach of contract, or negligence, including error or omission by Beta Analytic, as well as its agents or representatives, the liability of Beta Analytic shall be limited to the repayment, to the purchaser (submitter), of the individual analysis price paid by that purchaser to Beta Analytic. Beta Analytic, its representatives and agents, shall not be liable for any damages, either direct or consequential. Since Beta Analytic is not involved in the commercial application of results and has no working knowledge beyond the analysis of submitted materials, the purchaser agrees to defend, indemnify and hold harmless Beta Analytic, its agents and assigns from any claims or losses associated with use by the purchaser of any data or report provided by Beta Analytic and associated with non-disclosure and handling of hazardous materials contained within this submittal. This agreement shall endure any changes in legal name or location of purchaser and supersede any other agreements between the parties, their agents, representatives, or assigns.

As the authorized representative for the purchaser, the undersigned agrees to the above Limited Liability and hazardous materials communication declaration.
